

Que la **Ordenanza de Inspección Técnica de Edificios** en el marco del deber urbanístico de conservación que corresponde a los titulares de construcciones y edificios, establece la obligatoriedad de realizar una Inspección Técnica periódica que acredite el estado de sus condiciones de seguridad, salubridad, ornato público y decoro, a fin de mantener en todo momento las condiciones requeridas para la habitabilidad o el uso efectivo en función del destino propio de la construcción o edificación.

Con carácter general, los propietarios de edificios y construcciones obligados, deberán efectuar la primera Inspección Técnica de los mismos dentro del año siguiente a aquél en que cumplan treinta años desde la fecha de la terminación total de su construcción u obras de reestructuración total.

El propietario está obligado a acreditar el cumplimiento del deber de conservación de la edificación mediante la obtención por cuenta y cargo del mismo de un único Acta de Inspección Técnica, expedido por técnico competente, según modelo e instrucciones establecidos por el ayuntamiento (disponible en www.rivasciudad.es).

El plazo para aportar el Acta de Inspección Técnica, sea esta favorable o desfavorable, se inicia el 1 de enero de 2019 y finaliza el 31 de diciembre de dicho año. El incumplimiento reiterado de esta obligación en plazo podrá determinar la incoación de un procedimiento sancionador por infracción urbanística.

A continuación se adjunta el padrón de edificios que tienen que realizar la inspección técnica de edificios en el año 2019.
